Woman Brings Action Against Lawyer for Recovery of

\$54,037.

[Special to The Times-Dispatch.]

New York, November 19.—Donald McLean, the attorney, whose wife was former president of the Daughters of the American Revolution, was named as defendant in a new Supreme Court action to-day for the recovery of \$54..027. The plaintiff in this action is Mary W. Scheper, of this city.

Ten days ago an order was granted in the Surrogate's Court, calling upon McLean to pay into court about \$10..090 that he is alleged to have as executor of Henry Huber's estate. Mrs. Huber, the widow, alleges that she has reason to believe McLean mismanaged the estate as the income has fallen off from \$100 a week to nothing. McLean had this proceeding adjourned until November 20.

In the new action Mrs. Scheper alleges that McLean acted as her counsel in the sale of property here, in 1966, and kept the proceeds of the sale, \$54.037, for investment. She says she has frequently demanded that he give information as to how he invested the cash, but he refused to do so. He must appear before Supreme Court Justice Cohalan to-morrow to show cause why he should not be punished for contempt.

Justice Pendleton appointed Dr. Thomas M. L. Chryste to ascertain the

cause why he should not be punished for contempt.

Justice Pendleton appointed Dr. Thomas M. L. Chryste to ascertain the physical condition of McLean. His report states that McLean is in poor health. He has been subject to lapses of memory. Not long ago he wandered about the city for twenty-four hours, and was finally located in a subway station. The doctor states that his heart and lungs are weak. He felt downstairs while carrying a child about six months ago and this is thought to have something to do with his condition. He lapses into silence whenever asked about his trust funds.

South has never had another cigarette like SOVEREIGN. "Quality Tells."

In recent years many new cigarette brands have been failures in the South - because you cannot fool Southerners on quality.

A Southern smoker will not change his brand unless you show him something absolutely better. That's just what SOVEREIGN has done. Result - nearly 100,-000,000 a month sales the 18th month on the market!

Southerners have found in SOVEREIGN better tobacco—their favorite Southern-grown, Old Belt, Vir-

ginia-North Carolina leaf but smoother and mellower as the result of careful ageing and blending.

Southerners have found in SOVEREIGN greater enjoyment - the cigarettes don't smoulder and "go out" between puffs, but burn evenly, because they are rolled in the most expensive cigarette paper ever imported from France.

SOVEREIGN sales are growing 10,000,000 a month - there's nothing halfhearted about Southern enthusiasm.
